Professional Summary

Motivated Computer Science graduate with hands-on experience building full-stack web applications using Python, Django, HTML, CSS, JavaScript, SQL, and Git. Developed multiple academic and personal projects including a Cyber Face Authentication System, AnimeStreet E-commerce platform, Secure Web Voting System, Contact Book, and Student Marks Manager. Passionate about writing clean code, solving real-world problems, and continuously learning modern software development practices.

Technical Skills

- **Languages:** Python, JavaScript, SQL, HTML5, CSS3
- **Frameworks:** Django, Bootstrap
- **Database:** SQLite, Postgresql
- **Tools**: Git, GitHub, VS Code
- **Concepts**: OOPS, MVT Architecture, REST APIs, CRUD, Authentication

Projects

Cyber Face Authentication System (Python, Django, OpenCV)
• Built a secure facial authentication system with liveness detection, login monitoring, and intruder detection.

AnimeStreet E-commerce Website (Python, Django)
• Developed an online shopping platform with authentication, cart, wishlist, checkout, order tracking, and responsive UI.

Secure Web Voting System (HTML, CSS, JavaScript)
• Created an online voting application with admin dashboard, voter management, and result visualization.

Student Marks Manager & Contact Book
• Built responsive CRUD applications using JavaScript and Local Storage.

Education

B.Tech in Computer Science and Engineering:
Einstein Academy of Technology and Management, Khordha, Odisha (2020 -2024)

Higher Secondary (Science):
Godabarish Mahavidyalaya, Khordha, Odisha (2018 -2020)

Matriculation:
Jay Mangalpur High School,Khordha**,** Odisha (2018)

Strengths

- Quick Learner
- Problem Solving
- Teamwork
- Adaptability
- Strong Communication
